Before starting the game, read *The Rainbow Fish* aloud to the class. Discuss the main events, characters, and moral of the story. This background knowledge makes the sequencing activity more meaningful and engaging.

Step-by-Step Guide to Sequencing the Rainbow Fish Story Game

Step 1: Introduce the Concept of Sequencing

Explain to children that stories are made up of a series of events that happen in a certain order. Use simple language and visuals to illustrate this concept. For example, "First, the rainbow fish is very beautiful. Then, he shares his scales with others. Finally, he learns that sharing makes him happy."

Step 2: Present the Event Cards

Lay out all the story sequence cards face up on a table or the floor. Show each card to the children, briefly describing what is happening in each scene.

Step 3: Engage in Class Discussion

Ask questions like:

- "What do you think happens first in the story?"
- "Which event comes next?"
- "How does the story end?"

Encourage children to share their ideas and reasoning. This promotes critical thinking and language development.

Step 4: Child-Led Sequencing

Invite children to work together or individually to arrange the cards in the correct order. You can:

- Use a Magnetic or Velcro Board: Attach the cards in sequence.
- Arrange on a Floor or Table: Let children physically move the cards into order.
- Create a Story Path: Use a rope or tape line to lay out the sequence.

Step 5: Reinforce With Props and Puppets

Use small fish toys or puppets to reenact the story in the correct sequence. This kinesthetic activity helps reinforce understanding and makes the learning process lively and fun.

Step 6: Story Retelling and Reflection

Once the sequence is complete, encourage children to retell the story in their own words, pointing to each card as they describe the events. Discuss what they learned about the story's moral and the importance of sharing.

Variations and Creative Extensions

To keep the activity fresh and adaptable for different age levels, consider these variations:
